

Program Schedule

Welcome Day	March 13, 2026 – 1:00 - 2:00 pm EST
Start Day	March 16, 2026 (Mentors, Mentees)
End Day	May 28, 2026 (Mentors, Mentees)
Presentations & Appreciation Party	May TBD, 2026 – 12:00 to 5:00 pm ET
Executive presentations for 3-4 selected teams	TBD (early-mid summer)

Program Outputs

A presentation: A 15 mins talk/slide presentation to the RBC Borealis team, outlining the work undertaken and the proposed path forward. Attendance of all presentations is mandatory.

May TBD, 2026

A one-page report: A written short summary of the final presentation.

May 27, 2026

A public code repository: Storing any tests or proof of concepts from the project.

May 27, 2026

A white paper: An expanded, formal treatment of the original proposal with a precise plan for how Machine Learning can be used to help with the problem outlined and what work is required to make the solution a reality. *(Optional)*

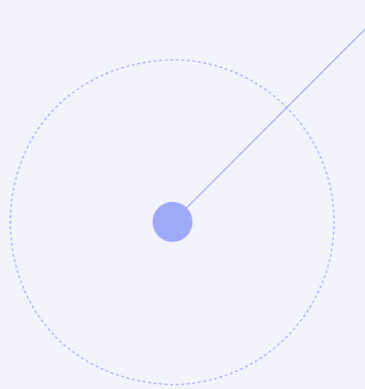

May 27, 2026

A research publication: Novel research based on program work and submitted to an AI conference, a) Extend beyond the program, b) Include all advising mentors as co-authors, and c) Be submitted to an eligible conference. Benefit: Publications accepted to eligible AI conferences qualify for an additional benefit. *(Optional)*

May 27, 2027

Best Practices for Mentees

- 
- 
- Final Presentations are expected to be given in person for all teams that are located within 2 to 3 hours from our Toronto office (Mandatory).
 - If you are near our Toronto office, where we will hold in-person presentations, please confirm with us that you will present in-person by May 1st, 2026.
 - You are expected to attend all the presentations both virtual and in-person (Mandatory).
 - Weekly Meeting with cameras on.
 - Team captains should have sync-up meeting with team members to check in on progress and blockers before every weekly meeting with mentor.
 - Please plan to dedicate about 10 hours per week during the two months of the LSi program.
 - Attendance of weekly meetings is **mandatory** for all members of the team. If you need to miss a meeting on a particular week, please notify your mentor and Sarah in advance. Please keep in mind that more than two unjustified absences might indicate that you cannot continue with the team and that you are not eligible to receive the LSi completion certificate.
 - Please collect all questions for your mentor ahead of the weekly meeting.
 - Please review the project outputs (deliverables) every week so that you don't have surprises at the end of the program.
 - Please disclose to your RBC Borealis mentors any intellectual property in the project that was already generated by members of your team.
 - Please read the agreement you signed with RBC Borealis once again to make sure of the rules you need to abide with.
 - Please use RBC Borealis' resources, infrastructure, and tools **only** for the purposes of your LSi project.
 - Presentation office hours during the last two weeks of the program are available upon request. Any teams interested in this should reach out to Sarah to request an appointment to review their presentation by April 24th.
